The only limit to creating superb designs is the imagination.
Transform great ideas into exceptional design.
TREND Origina® embodies beauty in all its forms. From the innovative process to the natural aesthetics of the materials, it’s a statement of sophistication and style in every slab.

Every product from TREND Origina® comes from the captivating personality that only nature can grant, as well as the best technology. This combination transforms elements into products that boost the imagination and materialize great ideas. Moreover, TREND Origina® has the charm of a product made from recycled materials. This not only focuses on sustainability, but also crafts products with a look and feel that adapts smoothly to any project or environment... taking the word design to another dimension.
With its variety of colors, textures and sizes, to its benefits such as excellent resistance, durability and malleability, versatile is truly the best way to define TREND Origina®.

It is also ideal to cover surfaces, thanks to its thinness and lightweight composition.

Versatility
A category of products with the strength to last forever and the smoothness to be shaped to match your dreams.

Example of how a plate can be cutted and transformed to create a counter.

Curves for diameters equal to or greater than 160 cm | 63”
Trascenda: from thoughts to designs, from designs to materials
We named this new category Trascenda™ due to its capacity to capture the essence of something and infuse it into our materials. For impressions, feelings and emotions that will last forever.

A digital image applied on the surface. Impressions, feelings and emotions that last forever.
How it works:
Trascenda™ can be used for floors - up to light commercial
- walls and to fabricate tops. This technique does not
change the characteristics of
a TREND Origina® slab.

TRASCENDA™
Each piece is unique and exclusive. It’s easy to create your custom project.

**Technical Characteristics**

**TREND Origina®**

- **Extra resistance to heavy loads**
- **Resistance to impact**
- **Scratch resistant**
- **Non-absorbency**
- **Chemical resistant**
- **Very thin and lightweight**
- **Flexibility**

**Thickness**: 6.6 mm | 1/4"  
**Weight**: 14 kg/m² | 2.87 lbs/sqf

**Dimensions**
- 20,085 x 20,085 cm 12" x 12"  
- 60 x 60 cm 24" x 24"  
- 60 x 60 cm 24" x 24"  
- 120 x 60 cm 48" x 24"  
- 120 x 60 cm 48" x 24"  
- 120 x 120 cm 48" x 48"  
- 120 x 120 cm 48" x 48"  
- 120 x 120 cm 48" x 48"  
- Custom sizes upon request

**UNI 8457**  
**Resistance to fire class 1**

**DIN 51130**  
**Resistance to skidding R10**

**Thickness**: 6.6 mm | 1/4"  
**Weight**: 14 kg/m² | 2.87 lbs/sqf

**ASTM C 373**  
**Resistance to fire class 1**

**DIN 51094**  
**Light exposure resistant**

**ASTM D 256**  
**Impact resistance 6.1 J/m**
